OVERVIEW OF RIDE

This is our second year having this ride in the Northeast Region, held in the Charles E Baker State Forest (also known as the Brookfield Trail System). The ride is being held on Sunday May 27th, so riders can travel on Saturday and avoid the Friday holiday travel traffic jams. The 75 mile ride will be four loops, all holds are in camp there will be one away gate-n-go on the first loop. The 50 mile ride will be three loops with all holds in the base camp. The 30 mile ride will be two loops with all holds in the base camp. Saturday meal will be a shared dish with the ride providing a main dish. Sunday we will offer a continental breakfast and coffee, a light lunch served from 11:00 am until 6:00 pm. There will be an awards meeting at 6:30 for those 30 and 50 mile riders still in camp.

As the 75 mile riders will be out on trail much longer, we will hug and congratulate each 75 mile rider personally as they complete the course! And do an awards for their prizes on Monday morning.

Because this is a holiday weekend, we are offering the riders and volunteers to bring their families and their horses to camp with us and take advantage of the 120 miles of trail.

Bring your current coggins paperwork to show at the time of check-in. If you do not have your current coggins (dated within one year of the ride date) we cannot allow you to camp at, or compete in, the ride. All dogs must be current on rabies vaccines.

CAMPING

Riders are welcome to arrive on Friday after 8:00 am and must depart by Monday 6:00 pm, rough field camping fees for Friday, Saturday, Sunday and Monday are built into the ride entry fee. There is an additional cost to camp if you want electric and/or water hookup sites. Visit the campground website for information www.purecountrycampground.com.

There are several sites available with full electric and water hookups. Reservations will be taken on a first come first served basis at the time the entry and payment is received. All other camp sites are rustic. There are hot showers and clean bathrooms at the camp (YAY!)

The campsite also offers 20 horse stalls. These are corral panel stalls with a tarp roof. The charge is \$20 per night to be paid directly to the campground. If you wish to reserve a stall, please contact the campground directly at the above website link.

Dogs are welcome and must be leashed or confined at all times. Dogs found running around the camp will be held hostage for a \$50 fine!

MANURE REMOVAL! All campsites are to be completely free of debris, manure, hay, straw, shaving, etc. A separate campsite deposit check of \$25 is to be sent with the entry. Upon leaving, your site will be inspected and your check returned.

RIDING

All AERC rules are to be followed by all riders, whether entered in the ride or not, while on site. Mounted riders must be wearing ASTM/SEI approved helmets and a liability release on file. If you will be riding with a friend who is not entered into the ride, please be certain they have a liability release on file with ride management.

Most the trail is single track. Please observe courteous trail behavior when coming upon and passing other riders.

We are recommending boots or shoes for the horses. There will be several miles on hard packed service road on the lollipop of each loop and some of the single track can be a bit rocky. We will have a farrier available on Sunday during the ride. In the event you need the farrier on Saturday, ride management can give you the phone number to contact the farrier directly. All farrier services must be paid directly to the farrier at time of service.

Water for the horses is freely available over the entire campground.

In the event that your horse requires treatment at the ride, all services must be paid directly to the treatment vet at time of service.
